

In appreciation of your business this year, a donation has been made to World Relief in your honor. Health experts estimate that AIDS will triple the number of childhood deaths in Haiti by the year 2010. Your gift will help provide AIDS prevention education for families through evangelical churches and schools. World Relief is an organization that brings God's love and hope to the world's neediest people by providing training, tools, and supplies necessary to become self-sufficient.

Thank you for your business. Merry Christmas!
